

Lasheen Plastics Industries,
F.a.o. Eng. Mahmoud A Lasheen
22, Nehru Street
Heliopolis, Cairo
EGYPT

Dear Mr. Lasheen,

**PORTABULK® SYSTEM LICENSING AGREEMENT (PSLA)
EXTENSION OF SALES TERRITORY**

We refer to our dialogue on the issue of amending the PSLA territorial sales rights extended to Plastic Industries Lasheen.

Specific reference is made to your May 11 and 12 faxes, in which you outline Lasheen's marketing efforts towards in named countries in the Middle East. This, as we understand it, reflects a broadening of Lasheen's strategic activities to encompass a broader supply capability and we are, as a matter of principle, supportive of such efforts to extend the usage of Portabulk® technology.

In the May 11 fax, and by dint of the aforementioned, you formally request an extension of sales rights to include the named countries.

Below, please find the formal notification of extension to the existing sales territory:

Accordingly, Section 1.10 of the PSLA, "Sales Territory" is revised thus:

1.10 "Sales Territory" shall mean the Manufacturing Territory and Algeria, Bahrain, Ethiopia, Iraq, Jordan, Kenya, Kuwait, Libya, Morocco, Oman, Qatar, Saudi Arabia, Tunisia, Tanzania and the United Arab Emirates.

This letter will be sent in two signed originals and will be effective from the date of despatch. Please endorse these and return one to Hydro Packaging.
